

VETERINARY LINIMENT GEL

ABSORBINE® VETERINARY LINIMENT GEL HELPS YOUR HORSE TO HEAL ITSELF. Liniments are mild stimulants to the circulatory system that hasten and assist nature in returning a fatigued muscle, joint or tendon to normal. Absorbine Liniment Gel combines the same time-honored blend of Calendula, Echinacea and Wormwood herbs as our trusted Absorbine® Veterinary Liniment.

INDICATIONS: Veterinary Liniment Gel relieves the pain and swelling of joints and muscles due to minor injuries, over exertion and arthritis.

ACTIVE INGREDIENTS:

Natural Menthol 4%.

Also Contains:

Alcohol 57%.
