Cis-trans isomers ratio: Min. 35% (+-) cis and Max. 65% (+-) trans

## Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label before each use. For pets, use only on dogs, horses and ponies. **SHAKE WELL BEFORE USING** Protect horses & ponies from attacks of Stable Flies, Horse Flies, Deer Flies, Face Flies, House Flies, Horn Flies, Mosquitoes, and Gnats. Controls Pests for up to 4 weeks. Do not use on foals under 3 months of age.

To protect horses & ponies from attacks of Stable Flies, Horse Flies, Deer Flies, Face Flies, House Flies, Horn Flies Mosquitoes, and Gnats. Spray on each side being careful to spray back, withers and forelegs thoroughly. To protect from Face Flies spray the face and head, but do not spray into eyes. Repeat treatment when flies are troublesome. **Wipe-On:** Remove excess dust and dirt. Spray product on clean cloth and wipe animal, being careful to treat back, withers, and forelegs. To protect from face flies, apply to face and head but avoid contact with eyes. **To control Fleas, Ticks and Lice on dogs:** Starting at the tail, stroke against the lay of the hair, spraying the parted fur in short bursts, directly behind the hand to ensure penetrating the coat. Dampen the fur up to the head. Do not spray directly in/on eyes, mouth or genitalia of pets. Repeat application weekly if necessary to control infestations. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Note: Do not use on puppies less than 12 weeks old. **To kill Lice & Louse eggs:** Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, and then proceed to spray entire area to be treated. Hold container upright with nozzle away from you. Spray from a distance of 8 to 10 inches. Spray each square foot for three seconds. Spray only those garments and parts of bedding, including mattresses and furniture that cannot be either laundered or dry cleaned. Allow all sprayed articles to dry thoroughly before use. Do not treat blankets, sheets, pillows, pillow cases or mattress covers. **To control Fleas & Ticks on Dog Premises:** Remove and thoroughly clean or destroy pet bedding. Spray pet sleeping quarters, bed entire floor and floor covering with special attention to cracks and crevices around baseboards, and window and door frames. Infested upholstered furniture may also be treated with this product. A test application should be made to upholstery or drapery fabrics in an inconspicuous place before use.
