INDICATIONS: AspirEze contains aspirin USP, for the temporary relief of pain, fever and inflammation associated with the symptoms of wounds, cuts, abrasions and soft tissue pain in horses. Also good for conditions associated with arthritis and joint pain. It is apple flavored, microencapsulated and buffered.

INGREDIENTS: Aspirin USP, Vegetable Oil, Glucose, Maltodextrans, Sucrose, Silicon Dioxide, Guar Gum, Natural and Artificial Flavors and BHA (preservative).

INSTRUCTIONS: For adult horses of 1000lb: give 20cc twice daily or as needed at or before feeding. Adjust amount given depending on the size of the horse and the desired results. Do not give more than a total of 80cc in any 24 hour period. For symptoms associated with arthritis, give 7cc twice daily or as often as needed.

GUARANTEED ANALYSIS: Aspirin USP, 7500mg per 20cc

CAUTION: For veterinary use in horses only. Keep away from children and other animals. Store at ambient indoor temperatures. Do not freeze. If diarrhea occurs, stop administration and consult a veterinarian. Do not use in horses intended for human consumption.
