

# AIR-WAY EQ™

(DAILY RESPIRATORY)

**Supports Lung/Soft Tissue (EIPH)  
Seasonal Allergy/Immune Support  
Respiratory/Cellular Response**

## Key Active Ingredient Function...

### MSM

Assists body to produce its own internal antioxidants which helps support normal inflammatory response by providing protection against oxidative stress. It is a great source of dietary sulfur, which plays an important role in maintaining the health of soft tissue, collagen and cartilage.

### Citrus Bioflavonoids

The antioxidant properties of these phytonutrients (hesperidin, rutin, naringin and quercetin) are important for soft tissue health and maintaining normal blood pressure, which aids in overall lung health. Helps support immune system health and capillary strength.

### Spirulina

Considered a 'super food', a powerful antioxidant that helps support the immune system and plays a significant role in supporting normal inflammatory response. Has been shown to help support symptoms associated with inflammation of the nasal passage triggered by allergens.

### Hawthorne

Contains phytonutrients, particularly flavonoids to help support normal blood vessel and capillary function.

### Grape Seed Extract

Rich in antioxidants to help support normal inflammatory response and cardiovascular health. Has antibacterial and anti-fungal properties and studies show it has 20 times greater antioxidant power than Vit. E and 50 times greater than Vit. C.

### N-Acetyl L-Cysteine

NAC helps replenish glutathione levels, supporting normal inflammatory response in lung and bronchial tissue. Has been shown to help protect airway tissues from seasonal respiratory conditions.

### Vitamin K

Vitamin K is essential in blood clotting. Vitamin K supports heart health, healthy bones, cognitive function, immune system and is recommended for people with respiratory disorders.

### Vitamin A

Supports soft tissue and a healthy immune system. Deficiency of Vitamin A can impact the mucosal barriers in lungs that trap bacteria and other infections.

## ACTIVE INGREDIENTS per 2oz per serving:

MSM.....	10,000 mg
Spirulina.....	3,000 mg
Citrus Bioflavonoid Complex.....	3,000 mg
Ascorbic Acid (Vit.C).....	1,500 mg
Proprietary Blend.....	1,500 mg (Hawthorne Berry and Grape Seed Extract)
N-Acetyl L-Cysteine.....	1,000 mg
Vitamin K (Menadione Sodium Bisulfate Complex).....	50 mg
Vitamin A.....	5,000 IU
Probiotic Blend.....	2.5 billion CFU's B.Subtilis, B. Licheniformis

## AIR-WAY EQ™ (Pellets)

78500660	*5 lb (40 servings).....	\$61.95
78500664	10 lb (80 servings).....	\$118.45
78500668	20 lb (160 servings).....	\$228.90

\*Foil Bag

Costs approx. \$1.48 per serving
